

The New Social Dances: The Tango: Lesson 8

By Mlle. Anna Pavlova

Final Article on the Tango; New Waltzes to Be Next Taken Up by Mlle. Pavlova

The Sensational Turn: The Most Difficult of Tango Figures

(This is one of a series of articles especially written for this newspaper by Mlle. Anna Pavlova, the greatest living premiere danseuse, who has posed with her dancing partner, Lawrent Novikoff, for each figure. The dances to be explained and illustrated are those now in vogue in society ball-rooms.)

WE NOW come to the final figure which I purpose explaining in the present series of tango positions and steps. While there are numerous others, the 12 which have been covered are more than enough for most requirements. Later, however, I may reintroduce several additional tango figures.

The Sensational Turn, the twelfth figure, is complicated and difficult to execute. Exceptional skill in balancing, a nice judgment of distance and a

pronounced rhythmic quality are demanded if it is to be successfully performed. I may also add that if one of the two persons undertaking to dance it misses any one of the requirements disaster may follow.

First there is required the holding for several seconds of what we designate as a raised position, by which I mean supporting the bodily weight with one leg and foot while the other is elevated. Starting in the regular position the man at the left of his partner, the dancers swing slightly on the first count of the music so that they are almost back to back, as illustrated in the photograph.

Dropping the right and left arm with the hands clasped, the dancers maintain their equilibrium—the man on his right, the lady on her left leg—raising the opposite legs and pointing the toes. To maintain this trying attitude the

body must be carried a trifle backward, though care should be exercised not to touch the partner in a way that will throw any portion of the weight upon either.

Now after the pose has been momentarily held the dancers pivot to their right, all the while maintaining the same positions in relation to each other. The leg support of each partner remains the same while the free legs are used to carry the dancers in a complete circle.

When a full turn has been accomplished both dancers return gracefully to a closed position—as in one-step or waltz—and taking four steps to the left they conclude the figure by a return to the back pose.

The next series will present the various waltzes as now used.—Copyright, 1913, by the McClure Newspaper Syndicate.

DAILY RECORD.

Building Permits.

To S. D. Gray and son, to erect galvanneal iron awning at St. Vrain and Third streets; estimated cost, \$150.

Deaths Filed.

Births—Boys.

To Mrs. P. E. Sticker, 206 East Missouri street, Nov. 12.

To Mrs. Santiago Berniutti, 235 Santa Fe street; Nov. 14.

PROPOSES THAT UNITED STATES WIDEN THE CANAL ZONE

Worcester, Mass., Nov. 19.—A proposal that the United States widen the canal zone to 60 miles and restore to Colombia the southern end of Panama was advocated before the delegates attending the Clark University conference on Latin-America, by Earl Harding, who said he had devoted two years to study of the situation.

"We need a wider canal zone," he said. "Our ten mile strip across the isthmus with the cities of Panama and Colon excluded from our jurisdiction, was planned when we were negotiating with Colombia and knew that it was futile to ask for more."

"Our territorial arrangement with the dual government at the terminals of the canal has proved so unsatisfactory that the advisability of annexing the whole republic has been contemplated seriously by those burdened with the responsibility for the canal's protection."

NEW EPISCOPAL BISHOP COADJUTOR FOR WEST TEXAS

San Antonio, Tex., Nov. 19.—Rev. Wm. T. Capers, rector of the church of the Holy Apostles, of Philadelphia, has been elected bishop coadjutor of the West Texas diocese of the Protestant Episcopal church by the diocesan council in special session here. A committee of four, including bishop J. S. Johnston, will go to Philadelphia to offer the office to Dr. Capers.

INVESTS CONTROLER WITH MORE POWER

Austin, Tex., Nov. 19.—Much additional power is placed in the hands of the controller in the regulation of the liquor traffic in Texas by the 3:20 saloon closing law, the civil bill, which became effective Tuesday.

Under the criminal act the enforcement of its provisions is up to the local authorities in the various towns and cities in the state, but the controller is given such authority in the civil bill. In fact, in case of the violation of the civil bill, the controller or the county judge has the authority to cancel the license of such offender and the amount paid into the treasury for a license shall be forfeited to the state.

FIGHT TO SECURE THAW MAY BE TAKEN TO SUPREME COURT

Concord, N. H., Nov. 19.—Harry K. Thaw occupies the same hotel apartments that have been his home since September 17, and now, as then, he is in the joint custody of United States marshal E. P. Nute and sheriff Holman A. Drew. But his legal status has been altered materially.

The writ of habeas corpus filed by Thaw at Littleton in September was temporarily suspended.

Thaw was arrested by sheriff Drew under the extradition warrant issued by governor Folger.

A new and supplemental writ of habeas corpus under the extradition proceedings was filed by Thaw's counsel.

To this the state of New York was given seven days to reply, with Thaw to have five days thereafter in which to make his reply.

Judge Aldrich will fix a date on which final arguments will be made before him on the question of constitutional law raised.

An appeal may be taken by one side or the other, and the case may proceed to the United States supreme court.

ENGLAND TRIES TO REMOVE BAN OF COLONIES ON EAST INDIANS

London, Eng., Nov. 19.—The question of the British East Indians has again reached an acute stage, nearly every dominion and colony to which these British subjects emigrate, either barring them or having legislation which very effectively prevents them entering or remaining in those places.

The imperial government having more to say in the government of the crown colonies than it has in that of the dominions, has taken steps to make the life of the East Indians in those colonies more bearable. A commission, composed of a member of the British Indian government and an East Indian of industrial experience, is now visiting the crown colonies to which immigration is still permitted.

The commission will make a thorough investigation into the employment of East Indians and generally into their position and treatment in these colonies.

WIFE OF TOWER'S SON SUES FATHER-IN-LAW FOR \$200,000

Philadelphia, Pa., Nov. 19.—Two hundred thousand dollars is the amount of damages claimed by Mrs. Georganna Burdick Tower, who declares she is the wife of Charlemagne Tower, Jr., has sued Charlemagne Tower, Sr., for alleged alienation of the affections of his son. The complainant began her suit against Mr. Tower, Sr., who was former American ambassador to Germany, on October 5 but did not file a statement of damages until today. She declares in her suit that she was married to young Tower in New Haven, Conn., in June 1911, and she alleges that since then Mr. Tower, Sr., has induced his son to leave her and has alienated his affections from her.

SUFFRAGET WAITS ALL DAY FOR POLICE TO TAKE HER

Washington, D. C., Nov. 19.—Miss Lucy Burns sat around national suffrage headquarters here nearly all day waiting to be arrested on a charge of violating a district ordinance by chalk-marking sidewalks to advertise a suffrage meeting.

The police did not appear and finally Miss Burns donned her bonnet and left for Philadelphia to fill an engagement, remarking that one could not be expected to wait all day for an officer to come with a warrant.

MADERA COMPANY HAS A HORSE SEIZED FROM MEXICAN.

Just as Ramon Canales said to be a resident of Juarez, had the customs officials release a gun horse Tuesday morning by paying the duty, deputy constable J. W. Brown seized the animal on a sequestration writ. Suit to recover the horse was filed Tuesday morning by the Madera company against Canales in the court of justice of the peace E. B. McClintock.

The Cup that Cheers

With the coming of age comes the need of stimulation—and old folks need stimulation without reaction.

True Philosophy of San Antonio Lady

If She Had Known Years Ago What She Does Now About the New Tonic Plant Juice.

"If we could only know what was good for us and what would help us how much needless suffering we might escape. For many years I suffered with indigestion, stomach and kidney troubles and only a short time ago I learned what would not only help me but would cure me. Had I known of Plant Juice ten years ago just think of the pain I would have escaped. Plant Juice is a good and true remedy and does all that is claimed for it and every sick person should at least try it. I know many of them would be cured."

There is much philosophy in the above statement of Mrs. Holmes. Thousands of Texas people have found new health and happiness in Plant Juice the same as she has.

Many will wish too that they had heard of this great vegetable remedy sooner.

Plant Juice is the world's greatest tonic, curative and corrective for all derangements of the stomach, kidneys, liver and blood. It gives new health, energy and vigor in almost marvelous manner. For sale by the Kelly & Pollard Drug Store.—Advertisement.

GOV. COLQUITT GOES TO "TURKEY TROT"

Austin, Tex., Nov. 19.—After leaving El Campo, where he is scheduled to deliver the opening address at the fair today, the governor will go to Cuero where he will officiate at the opening ceremonies of the annual "turkey trot."

The chief executive will lead the big turkey parade in which upward of 15,000 fowls will participate. Adjt. Gen. Hutchings and Col. E. H. York are expected to join the governor at Cuero for the procession and celebration.

HUMANE SOCIETY MAKES REPORT OF WORK DONE

At a recent meeting of the El Paso humane society, Dr. T. A. Bray, president, the humane officer, reported that he had responded to 14 calls; that he had humanely disposed of 17 cats, six dogs, one mule, one cow and one horse. He had also taken action in the case of several overloaded teams.

Three members of the society, Mrs. Y. Del Campo, Mrs. D. W. Beckhart and Miss Ella Robinson, had done much for the relief of the McCallie family, he said. The humane society is always ready to respond to any call of distress, especially where children and animals are concerned.

Evening Ease in Comfort

These fall mornings and evenings are sometimes just a bit frigid. Sitting around in a chilly, creepy room is not entirely pleasant, and doing so very often starts a cold which will cling to you all winter.
